Comments: I have nothing but high remarks for Dr. Altman, Lucy and his team, as I took steps in correcting my vision. Dr. Altman was very patient and thorough during my pre-op and post-op appointments and answered every question I had. During surgery, he talked me through every step as well as made sure everything was just right. I am completely amazed with how my vision has improved, and am very thankful I had it done. Certainly a life changing experience!
